## **From the PRESIDENT'S Desk:**

September, 2016

Writing a column each month is not as easy as one might think. Okay it is not the New York Times but it is relevant to some. Not to mention that it is posted on our web site and it can be archived for years.

Well, we do have something to write about this month and I am strongly suggesting that if you can, please attend this month's meeting.

Since I joined our club, I had heard how we should have a home of our own. We are in our 89<sup>th</sup> year as an organization and I am happy to announce that we are very close to having a place to call home.

At our last meeting I was still working with the Phoenix Art Center in a collaboration on possible sites, all of which would entail rent and a concerted effort to afford the space. Within a few hours after the meeting, all of that changed. I have been in constant contact with our board talking to each by phone. We are very close to having a home and I would like to explain the particulars to as many members as possible on the 20<sup>th</sup>. Please come and hear about your future.

As I had mentioned in a previous newsletter we are a club of doers. Most organization discuss issues for months and usually take no action, (NATO) No action Talk Only. We can be proud of what we have been accomplishing as a group.

Hopefully we can have our 90<sup>th</sup> anniversary in our own place and with your help we will.
