## Greeting UAC Members:

Congratulations and best wishes to our new officers, elected at the September meeting. Please find their names in the newsletter heading.

I recognize my responsibility in maintaining the cohesiveness rebuilt over the last few years under Nancy's leadership, and to continue to encourage our growth not only organizationally, but in our artistry.

I am looking forward to my term as UAC President. Whatever it is we accomplish in the next two years will be due to how we work together. Please send me potential field trip destinations, names of speakers/demonstrating artists, potential funding grant information, and any other information/ ideas you feel would be of interest to our membership. I'll do my best to keep a forward momentum.

Notably, the newsletter is now "going electronic" to save the Uniontown Art Club many dollars that can be spent more effectively elsewhere in the budget. See the textbox in the lower right corner for your choice in this matter.

Addition to our newsletter is the Birthday Artist of the Month in the upper right-hand corner of the heading with a quote to follow in the body of the newsletter. In case you're not familiar with the artists, "Google" them or go the library to find samples of their art. It's important to know if you "like" or "dislike" art, but it's equally important to understand why. I believe looking to the great artists in the past (and present) opens pathways to discussion and awareness of new ideas.

In closing, keep art alive! Make lots of art if you have the time, but make it. Or write about it. In some way keep art alive in your daily life. Talk it up with your friends, family and colleagues. The Uniontown Art Club keeps art alive in our community.

Here's to a great start with a great UAC membership, Beverly

**Roy Lichtenstein's Thought for October 2011:**

*"Well, it (Pop Art) is an involvement with what I think to be the most brazen and threatening characteristics of our culture, things we hate, but which are also powerful in their impingement on us. I think art since [Paul Cézanne](http://www.brainyquote.com) has become extremely romantic and unrealistic, feeding on art; it is utopian. It has had less and less to do with the world, it looks inward - neo Zen and all that. This is not so much a criticism as an obvious observation. Outside is the world; it's there. Pop Art looks out into the world; it appears to accept its environment, which is not good or bad...*

***-The changing of the guard-***

There was a pleasant, humorous night at the September elections meeting as I passed the baton on to Beverly DeMotte. Thank you Beverly. Also thanks to MaryLen Hajduk who agreed to remain as Treasurer while training the next person for the position in two years which will make for a safe and positive transition to come. All the rest of the officers wanted to remain with the leadership of the club by taking board positions and several new persons choose to serve. A strong working board is in place. I want to sincerely thank you for the faith you shared with me in the concept of "The Art Spirit". While working on our archives this summer, Beverly and Patricia Coyle, a valuable volunteer, uncovered some of our original meeting notes from the Twenties. The recommended book to read was "The Art Spirit" by Robert Henri! You can imagine my astonishment. I look forward to what is in store for the regional area with The Uniontown Art Club continuing its service into the 85<sup>th</sup> year!
