Newsletter ~ ~ July 2017

From the PRESIDENT'S Desk:

July 2017

My next newsletter will be my last one as your President, someone else will be writing the September newsletter. It is hard to believe I have written approximately 36 articles.

If you are interested in the history or changes that have taken place in the last four years, just read the newsletters:

You will see an organization that morphed into a diversified organized group of people.

The club increased the amount of meetings throughout the year.

We participated in shows and events with the intention of bringing the Uniontown Art Club to the attention of the community.

We created exhibitions and shows that were open to all members of the club with the purpose of supporting and growing the talents of all members.

The collateral effect of our changes presented a variety of art and fine crafts to the community in general. This also enabled our meeting new artists at our events and through our web site and in turn introduced more people to the Uniontown Art Club. Some joined and stayed to contribute to the club, some realized the club was more action than talk. Over all, we are living up to our mission statement of bringing art to the community.

The future is even more promising and exciting. We are teaming with another non-profit to create a community of art at one location, hopefully this vision will grow and another art culture will grow in Fayette County. Thanks to all of you for the opportunity of serving as your President. It has been a pleasant experience working with all of you. I have enjoyed your friendship and help. I have tried to lead in the direction I felt that you wanted. Apparently, it was what you wanted or you would not have grown your club as much as you have.

Peter Pasqua
