March 2017

Hello and welcome:

Let me start off by saying what I believe to be true - - - - -

This coming year has the potential of being a good year, a great year or an amazing year.

There are so many directions and projects for us on the horizon. The following items are already on the agenda this year. Our election of officers in August, we are updating our by-laws and our clubs 90th anniversary is this year. We have our three shows to plan at the Summit Inn, while building on the last two years. We have teamed up with two other organizations to create a cultural group with a new home that needs updated and personalize.

This is a full plate for most organizations, even those that have a staff or meet multiple times during the month. With a dedicated nucleus of members to shoulder the burden, we have proven over the past three years that we are a can-do club. I believe this year will not be an exception to those accomplishments.

Our membership is evolving, with some members finding their talents are not just artistic and their contribution to the overall club growth is appreciated. The previous two years had a surge in membership, some of those folks joined for what the club could do for them not what they could do for the club, in time they left as members. Others that did not join just for their own sales benefit, have been a great asset to the organization.

Our membership is up with new people asking about joining on a regular basis, I look forward to an uptick in membership again this year.

Thank you for all of your work and support. See you at the meeting.
