From the PRESIDENT'S Desk:

October 2015

We are making History for the club. We are having successful Art shows and presenting art to the community at the same time. Our goal is not to make a lot a money although that is not a bad thing to strive for though. Our goal is to provide you the members with a method to display and sell your work as artists. The best way to sell your work is to promote your work. The best way to do that is to talk directly to the people who may be interested in your work. We are working hard to provide a venue and promoting the events, the club is also there to record your sales and process the sales tax for you. It is up to you to be present and available to promote and sell your art.

Comments have been very positive, guest are in awe at the variety and quality of your work. Many of our visitors are from outside the area, our Pittsburgh and Greensburg advertising seems to be working. Please take advantage of this good fortune, we are being blessed. I believe we are on the threshold of something great, it is up to all of you to keep it moving forward now. As I have said before, you can all be very proud, you are growing our club membership and we are promoting art to the community.
